

INDEX TO VOLUME 2

of LAW AND COMPUTER TECHNOLOGY

Below is a Key Word Out of Context (KWOC) Index to Volume 2 of *Law and Computer Technology*. This index lists alphabetically each key term of the titles of articles which appeared in *Law and Computer Technology* during 1969. The last names of the authors are also listed.

Words which have appeared so often as to make their value as a searching index negligible have been omitted. They are "automated," "computer," "data," "information," "law," "legal," and "research." Also omitted are noise words such as articles, conjunctions and prepositions as well as such non-distinguishing terms as "report," "conference," "activities," "notes," and "section."
